

ADDRESSING CHALLENGING BEHAVIORS ETHICALLY IN SCHOOLS

Action/ Step	How do you know it was completed? Notes	Date Completed
Determine stakeholders and their agenda.		
Who is responsible for implementation?		
Develop assessment and intervention plan in partnership with implementers.		
Write assessment and intervention plan in accessible language.		
Least intrusive assessment to determine function.		
Assure implementers have the necessary resources and skills to implement.		
Develop training plan for implementers.		
Establish measurement system and determine who will collect data and when.		
Pilot intervention in high risk context. Are there barriers?		
If intervention is successful expand to another relevant context.		
Maintain close contact with implementers.		
Revise plan until data-based demonstration of success.
