A Global Leader in Digital Autism Solutions

RBT® Section A: Measurement (Part 1)

Directions:

1. Download and/or print out this sheet.
2. Throughout the video module, there will be Active Student Responding (ASR) questions presented as contrived situations where you will use your observation and measurement skills.
3. Complete each ASR on this sheet in real-time with the video.
4. After each ASR, a reliability (inter-observer agreement) check will be conducted with the presenter. Check your answer of each ASR during this time (self-monitoring).

Use Discrete Trial (DT) and ABA Correction Procedures to achieve Mastery:

1. ASR (SD) Presented→If you answer the ASR with 100% accuracy (when you compare your answer with the reliability check)→continue on to the next portion of the module.
2. ASR (SD) presented→If you answer the ASR with less than 95% accuracy (when you compare your answer with the reliability check)→pause the video and rewind it to the beginning of that ASR (re-present SD)→replay the ASR and answer it again→check your answer again with the reliability check.

Scoring using DT Probe Procedures:

1. If you answered the ASR correctly on your 1st attempt mark down “Y” for yes.
2. If you answered incorrectly on your 1st attempt mark down “N” for no.

ASR #1: The Dead Man's Test

| Behavior? | Your Response | Correct Response (Y or N) |
|-------------------------|---------------|---------------------------|
| Raising hand | | |
| Jumping | | |
| Blown over by the wind | | |
| Saying "please" | | |
| Non-responsive | | |
| Blinking | | |
| Falling down the stairs | | |
| Receiving Tokens | | |

ASR #2: Frequency

| Targeted Behavior: Clapping | | |
|-----------------------------|---|----------------------------|
| Operational Definition: | Clapping – bringing two palms together creating sound or not (frequency). Using feet to clap is not included as part of this definition | |
| Date: | 8:30- 10 am Frequency | Correct Response (Y or N) |
| | | |

ASR #3: Duration

| Targeted Behavior: Combing Hair | | | | |
|---------------------------------|--|-----------|-----------|----------------------------|
| Operational Definition: | Combing Hair- completing the entire task of combing hair from picking up the comb, combing all parts of head, to self-check in mirror. | | | |
| Date: | Start Time: | End Time: | Duration: | Correct Response (Y or N) |
| | | | | |

This training program is based on the RBT Task List (2nd ed.) and is designed to meet the 40-hour training requirement for RBT certification. The program is offered independent of the BACB.

ASR #6: Whole Interval Recording (WIR)

| Targeted Behavior: Clapping | | Date: | |
|-----------------------------|---|-------|----------------------------|
| Operational Definition: | Clapping – bringing two palms together creating sound or not (frequency). Using feet to clap is not included as part of this definition | | |
| Time: | Behavior Occurred (Y or N) | | Correct Response (Y or N) |
| 0-10 seconds | Y | N | |
| 11-20 seconds | Y | N | |
| 21-30 seconds | Y | N | |
| 31-40 seconds | Y | N | |
| 41-50 seconds | Y | N | |
| 51-60 seconds | Y | N | |

ASR #7: Partial Interval Recording (PIR)

| Targeted Behavior: Clapping | | Date: | |
|-----------------------------|---|-------|----------------------------|
| Operational Definition: | Clapping – bringing two palms together creating sound or not (frequency). Using feet to clap is not included as part of this definition | | |
| Time: | Behavior Occurred (Y or N) | | Correct Response (Y or N) |
| 0-10 seconds | Y | N | |
| 11-20 seconds | Y | N | |
| 21-30 seconds | Y | N | |
| 31-40 seconds | Y | N | |
| 41-50 seconds | Y | N | |
| 51-60 seconds | Y | N | |

This training program is based on the RBT Task List (2nd ed.) and is designed to meet the 40-hour training requirement for RBT certification. The program is offered independent of the BACB.

ASR #8: Momentary Time Sampling

| | | | |
|-----------------------------|---|-------|---------------------------|
| Targeted Behavior: Clapping | | Date: | |
| Operational Definition: | Clapping – bringing two palms together creating sound or not (frequency). Using feet to clap is not included as part of this definition | | |
| Time: | Behavior Occurred (Y or N) | | Correct Response (Y or N) |
| 0-10 seconds | Y | N | |
| 11-20 seconds | Y | N | |
| 21-30 seconds | Y | N | |
| 31-40 seconds | Y | N | |
| 41-50 seconds | Y | N | |
| 51-60 seconds | Y | N | |

ASR #9: Is it an example of Permanent Product

| Behavior? | Your Response | Correct Response (Y or N) |
|--|---------------|---------------------------|
| Pennies in a jar | | |
| Footprints in the sand | | |
| Feeling hot | | |
| Grades on a report card | | |
| Parent reports that the child made their bed | | |

ASR #10: Task Analysis Data Collection

| TRIAL | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | 9 |
|------------|---------------|-----------|-------------------|--------------------------|-------|----------------|-----------------|-----------|----------------------|
| Steps→ | Turn on Water | Wet Hands | Put Soap on Hands | Rub Hands Back and Forth | Rinse | Turn off Water | Get Paper Towel | Dry Hands | Throw Towel in Trash |
| Assistance | I | I | I | I | I | I | I | I | I |
| | G/V | G/V | G/V | G/V | G/V | G/V | G/V | G/V | G/V |
| | PP | PP | PP | PP | PP | PP | PP | PP | PP |
| | FP | FP | FP | FP | FP | FP | FP | FP | FP |
| | R | R | R | R | R | R | R | R | R |

This training program is based on the RBT Task List (2nd ed.) and is designed to meet the 40-hour training requirement for RBT certification. The program is offered independent of the BACB.
