## BEHAVIOR MANAGEMENT PLAN

1. (	Gen	eral In	t		2. Minor Aversi	/e Int		3. Major Aversive Int				
		Basic	Need Int.	. (if app	licable)							
						c	. Fluid Int	d. Sleep Int				
	A.	Gene	ral Inform	nation		Date:						
								DOB/CA:				
		1. N	ame:									
		<ol> <li>Name:</li> <li>Site(s) for intervention Implementation:</li> </ol>										
	<ul> <li>3. Name/Title of Program Author(s):</li> <li>4. Description of the Individual:</li> <li>a. Summary of Enrollee Strengths:</li> <li>b. Psychological/Psychiatric Information:</li> </ul>											
	i. Mental Age/Adaptive Level:				•							
ii. Describe current needs: c. Co-occurring diagnosis:						eus.						
	d. Communication abilities/needs:											
		e. Medical Information/concerns:  i. Fine/Gross Motor Limitations:										
					nsory Deficits:							
	iii. Date of Last Physical:				•							
				IV. CU	rrent Medications	:						
f. Medical/Safety:					afety:							
			i. Medical factors which need to be evaluated as related to the target behavior(s) in this plan:									
					1. Contraindica	itions o	r restrictions:					
					2. Gender:							
					3. Age:	tal Issu	051					
					<ul><li>4. Developmer</li><li>5. Ethnicity:</li></ul>	itai issu	es.					
5. Ethnicity: 6. History of physical or sexual abuse					•	e:						
	7. Medical Conditions:					<u>.</u>						
8. Physical Disabilities: g.Physician's name:												
			h. T	ype of r	esidence:							
B. TARGET BEHAVIOR SUMMARY												
	Des	scription 1.	on of targ	et beha	vior(s) to be decre	ased in	observable m	easurable terms:				

	2. Functional/structural analysis of ta	arget behavior(s)						
	i. Assessment Method(s):							
	j. Assessment Results: k. Hypothesis regarding purp	pose of target behavior:						
C.	C. PREVIOUS BEHAVIORAL POSITIVE/AVERSIVE PLANS-SUMMARY							
D. BASELINE								
E. CURRENT PROGRAM								
	Prevention Procedures							
	1. <u>Frevention Frocedures</u>							
	2. <u>Procedure for reinforcing ap</u>	propriate behaviors						
	a. Behaviors to reinforce:							
	b. Procedures:							
	3. <u>Procedure for decreasing target behavior</u>							
	4. Reinforcement menu							
	<ul><li>5. <u>Materials needed</u></li><li>6. <u>Staffing needed:</u></li></ul>							
F.	DATA COLLECTION & TRAINING PROCEDURES							
	1. Data Collection Procedures:							
	a. <u>Behaviors to decrease</u> :	Method/Freq.	<u>Person Responsible</u>					
	b. <u>Behaviors to increase</u> :	Method/Freq.	Person Responsible					
	2. Staff training procedures							
	a. Staff to be trained	Type of Training-Method/Freq.	<u>Trainer</u>					
	3. Description of consent procedure	used and any questions/issues rose by e	enrollee, guardian, or advocate					

G.	PREVIOUS BEHAVIORAL POSITIVE/AVERSIVE PROGRAMS-SUMMARY							
	Dates	Behaviors	Baseline	Treatments	Results			
	Is there sufficient data to indicate that positive reinforcement alone and/or less restrictive programs were unsuccessful or which indicate they are not preferred techniques for decreasing this behavior?							
	Yes	No						

## **UNIT BEHAVIOR MANGEMENT REVIEW COMMITTEE (UBMRC) SIGNATURE SHEET**

The individuals below have had the opportunity to participate in the development and/or review of the attached behavior management program which includes \procedures:

Team Members	Date	Signature	Agree	Agree With Conditions	Disagree	Con	nments
BPC Chair							
BPC Member							
BPC Member							
BPC Member							
Consulting Psychologist							
Clinic Director							
Program Manager							
Parent/ Guardian
